Dear Lotus House
Thank You Letters from Former Guests

Thank you for the safety that your shelter has given me. Thank you for the food that you have fed my family. Thank you for the help and guidance that has helped me become the person I am today. Instead of the seventeen year old young girl with a bad attitude, you see a 19 year old happy woman today. Thank you for your strength and confidence to be able to do so.

Lotus House Mother

Thank you Lotus House for looking after my mom so we can live in a house. Without your help we would not be here. Thank you so very much for your help. Lotus House Child Alum

I am putting starting to enjoy my life at 31 years old. All of me is starting to love, the good/bad growth. I was get compliments from staff and guests how 360 degrees I have changed. I am so grateful, thankful, appreciate all Lotus staff, all faculty have done for me.

A New National Model  Putting Children First

At Lotus House, we recognize that every aspect of a child’s experience in our shelter, from therapeutic care and education to the physical space and its contents, is integral to their wellbeing, offering opportunities for healing, growth, exploration, discovery and learning. We know that homelessness is traumatic for everyone, especially children. In safe, supportive shelter with protective factors that put children first, we have the opportunity to mend broken bonds, heal bodies and minds, and uplift spirits so that children and families thrive.

Childhood is a time of intense growth and development in all areas, including a child’s intellectual, social and emotional development, laying the foundation for their success in school and later life. When their needs are met by positive and consistent early experiences with loving caregivers and nurturing environments, babies and young children thrive. In Lotus Village this begins with a model therapeutic early childhood and education center, with six classrooms offering a full range of therapeutic and community supports for our little ones, newborns to age 3, and their mothers, in collaboration with the United Way Center for Excellence in Early Education.
